

The Global Water for Sustainability Program (GLOWS) in partnership with
Earth and Environment Graduate Program

The Water & Sustainability Seminar Series

Friday, September 26, 2014

at 3:00pm – 4:15pm

**in the Nicole Wertheim College of Nursing &
Health Sciences (AHC3) Room 205,
Modesto Maidique Campus**

**Talk Entitled: “Water Security: Responses to Local, Regional, and
Global Challenges”**

Speaker: Dr. Maria C. Donoso, *Director of the Global Water for
Sustainability Program (GLOWS) at FIU*

Dr. Donoso has a B.Sc. and a M.Sc. in Civil Engineering from the People's Friendship University (Moscow, Russia) and a M.Sc. in Ocean Engineering from University of Miami (Miami, FL, USA). Mrs. Donoso has a Doctor Degree (*Doctor Honoris Causa*) from the Universidad Federico Villarreal (Lima, Peru). Mrs. Donoso has served as a Member of the Inter-American Water Resources Network (IWRN) Executive Council and at the World Water Council (WWC) Board of Directors. She is a member of the International Association of Scientific Hydrology (IAHS) and a Fellow of the International Water Resources Association (IWRA).

The seminar is free and open to the public
