Global Water for Sustainability Program – GLOWS
Florida International University, Biscayne Bay Campus
3000 N.E. 151st Street, AC1 Room 268
North Miami, Florida 33181

Dear Dr. Setegn,

This letter is to confirm the BIARI alumni award in the amount of \$13,500 to support your research and workshop agenda related to climate change and water access.

These funds will support workshops and meetings for your group to enable completion of the existing draft, and will enable the implementation of an integrated methodology .

This collaborative work, with your colleague, Armando Sánchez, UNAM will be carried out over a period of twelve months upon receipt of funding. Upon completion of the project, the research team will provide a report to the BIARI Alumni office.

These funds are provided by the BIARI Alumni Research Initiative, which supports collaborative activities carried out by past participants of the BIARI Institutes.

Best regards,

Keith Brown
Director
